Welcome to Academic Year 2021-22

Glimpses of Issue III (Aug-Sep)

# Dear Students and Families

Greetings to all,

We are back with the third issue of our News Letter to update our dear parents with our activities for the months of August and September.

It was amazing to see our students grow more and more confident as they actively participated in various online activities conducted by their clubs and celebrating festivals and important occasions.

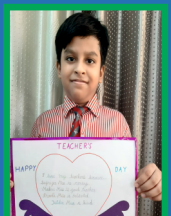

The zeal and zest with which they keep alive our culture is commendable.

We appreciate the efforts and the enthusiasm of our parents which makes it possible for us to continue with our endeavours.

# Happy Teachers' Day

“The teacher who is indeed wise does not bid you to enter the house of his/her wisdom, but rather leads you, to the threshold, of your mind”. The event was conducted online but this did not stop the students from expressing their gratitude and adoration for their teachers. Under the guidance of their parents the students put up some wonderful programs and made beautiful cards with touching words written on them which they read out to the teachers. Students went all out to make the day a special and memorable one for their teachers.

## Hindi Elocution Competition

The competition was conducted online and was organized by the Public Speaking Club on the 21<sup>st</sup> of August 20221 for the students of std 2.

The students participated were very well prepared and performed excellently.

The theme of the competition was - "हमने अब यह ठाना है जीवों को बचाना है"

Every poem recited by the students set out a clear message on the importance of animal conservation. It was a perfect way to spread the message.

The fantastic backdrops, the vibrant costumes and the confident and stupendous performances of every child captivated the judges and the audience alike.

The judges had their work cut out for them.

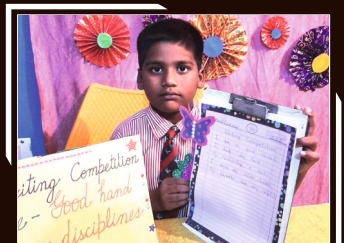

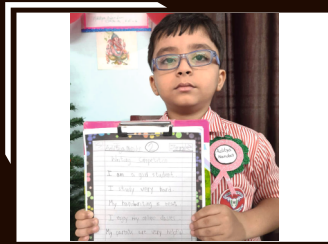

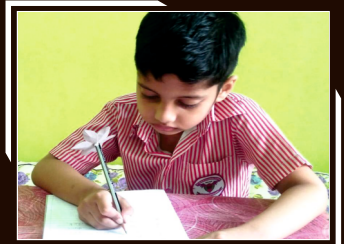

# English Handwriting Competition

Hand writing is a part of our identity and an essential tool for written communication. The process of handwriting promotes clear thought and natural structure in discipline of an individual. Beautiful and neat hand writing is a skill. An English Handwriting Competition was held for the students of Kindergarten on 28th August 2021. Prior to this a selection round was conducted in their respective classroom on 24.08.21. Every student was encouraged and motivated to display his/her best handwriting. Their handwriting was judged on the basis of specific criteria like, neatness, formation, space and clarity.

It provided students an opportunity to display their competency of writing legibly. The response of the students was very encouraging and appreciable. Practically all the students had participated to enhance not only their writing skills but also inculcate discipline in their personal life.

WRITING IS NOT  
A COMPETITION,  
OR A FEAR.  
WRITING IS AN ART,  
A PASSION,  
A LOVE.

# Independence Day

The restrictions imposed by the pandemic failed to curb the freedom of our students as they celebrated Independence Day online with their teachers. The Tricolour was proudly displayed, as they spoke on the importance of this day, painted posters, created handicrafts and uplifted the spirit of Independence.
